

CATALENT LIFESCIENCES

Elevating Healthcare Beyond Boundaries

WHO WE ARE

At Catalent Lifesciences, we believe that better health starts with a partner you can trust.

Since 2016, we have evolved into a premier global hub for high-end pharmaceutical and nutraceutical manufacturing.

From our world-class facility, we don't just manufacture products—we engineer high-quality health solutions that people rely on every day.

GLOBAL PRESENCE

Delivering solutions
across international
markets.

QUALITY ASSURED

Manufacturing
excellence with
global standards.

SCIENCE DRIVEN

Innovation-led
development for
better outcomes.

PARTNERSHIP FOCUSED

Collaborating for
shared success
and growth.

OUR VISION

Quality Care Without Borders

We are dedicated to enriching lives through high-impact health solutions. Driven by integrity and sustainable practices, we strive to make better health a global reality.

OUR MISSION

Transforming Health Through Partnership

We believe better health begins with strong collaboration. Our mission is to strengthen the global healthcare ecosystem through trusted partnerships and shared success.

Why the World Trusts Us

01

Commitment to Excellence

Delivering the highest global standards in every tablet, and capsule ensuring safety, purity, and effectiveness at every scale.

02

Advanced Science, Simplified

Leveraging cutting-edge technology and world-class R&D to develop complex formulations into reliable, easy-to-use healthcare solutions.

03

Global Market Access Partner

Bridging the gap between development and delivery--helping partners launch products faster and scale across international borders with confidence.

"Engineering Health. Delivering Trust. Empowering Lives."

TABLETS • CAPSULES • SACHETS • EFFERVESCENT • LIQUID

Mission

To achieve and sustain our position as India's premier Contract manufacturing healthcare company while establishing ourselves as the global business partner of choice.

Vision

To be the most preferred, reliable, and trustworthy manufacturer of pharmaceutical formulations, upholding the highest ethical standards and ensuring affordable, high-quality products for the global community by adhering to cGMP standards.

Our Priorities

Transparency

Commitment

Highest
Ethical standards

Affordability for
community

Innovation

What we do?

At Catalent, we produce Nutraceutical formulations in various forms suitable for every patient condition. These include oral dosage forms such as tablets & capsules.

Out-Licensing / Marketing

Authorization We provide a diversified portfolio tailored to each market, leveraging local expertise and regional needs.

Contract Manufacturing We provide our partners with the opportunity to outsource manufacturing needs and scale up product focus efficiently.

Contract Research & Development We provide customized and flexible solutions to develop and transform your promising molecule into a market-ready product.
