Catalent Lifesciences

Catalent Lifesciences is a specialised pharmaceutical company that develops, manufactures, and distributes high-quality finished doses to meet worldwide health-care demands. Our goal is to address a variety of medicinal demands by combining cutting-edge technology and cutting-edge innovation with caring and empathy.

Our team is constantly working to establish a stronger and more efficient pharmaceutical production system, using the finest in class machineries, equipment and instruments on the market. We specialise in external capsules, tablets and semisolid preparations at the most competitive prices. Our goal is to deliver complete client contentment In the long run, not only better health, thus our products always meet international standards.

Why choose us?

Catalent Lifesciences is more than just a group of pharma professionals active in the development of pharmaceuticals; we are a group of inquisitive minds working 24 hours a day, / days a week to make this area more efficient and credible. To assure the brilliance of the end result, we monitor and improve our performance metrics on a regular basis.

With the goal of constantly providing a safe product, the Quality Control department uses accurate analytical methods on a regular basis. For bioequivalence research, the laboratory is fully equipped with current and advanced tools such as HPLC, UV, and dissolving apparatus. Stability studies are carried out in accordance with current ICH guidelines.

Large production units have been licenced and accredited by key regulatory authorities, and we are home to them. Our cutting-edge facilities produce a wide range of pharmaceutical products, including tablets, capsules, and other semi-solid preparations for the treatment of cardiovascular, respiratory, arthritic, bacterial, diabetic, pyretic, gastronomical, mental, and vitamin deficiencies.

Our expertise is also reflected in our extensive worldwide marketing network, which is the product of our partnership with the greatest pharma marketing Specialists in the business. To support relationship-oriented marketing, they take a customer-centric approach. As a result, speed and efficiency remain critical components of our marketing strategy.

Who we are?

Catalent Lifesciences is a specialized pharmaceutical firm that will produces and distributes high-quality finished doses in both domestic and overseas markets. Dr. Jessica (MBBS, USA) founded Catalent Lifesciences in the year 2016, and this pharmaceutical company is intended to expand and prosper in the fields of drug production, drug contract manufacturing, and Pharma Franchise or PCD.

We have established a thorough grasp of worldwide markets and gained the expertise and being in business for numerous year in various sectors.

Catalent Lifesciences is "Quality" system is designed, documented, implemented, and controlled in such a way that it is equipped with instrumentation, manpower, and managerial desire to ensure that the company' products are consistent in their intended use in terms of quality, purity, saftey, Efficacy and stability Through ongoing advancements in processes and systems, we try to provide consistent quality that meets international requirements for pharmaceutical tems such as injections, pils, syrup, capsules and ointments.

Mission

Living healthy life — our basic is to enable people to lead a healthy, good quality life. This we achieve through our rich range of pharma products and services with prescription pharmaceuticals, self medication products with cosmetics products with investment in people and the environment.

Vision

We are continually consolidating our position as one of the leading pharmaceutical worldwide. Strengthening the long term business partnership in the fields of development, products supply and marketing. our long term aim is to fulfill the needs of mankind.

42	Anticoagulant	Nadroparina Calcia injection	For IV/SC Use Only	5700 IU	0.6 ml
43	Antineoplastic	Darbepoetin alfa injection	For IV/SC Use Only	20 mcg/40mcg	0.40 ml
44	Catecholamine Drug	Dopamine Hydrochloride Injection USP	For IV Use Only	40 mg/ml	5 ml
45	Cholinesterase inhibitor	Neostigmine Injection BP	For IV Use	0.5 mg	5 ml
46	Gynaecology	Tranexamic Acid Injection BP	For IV Use	100 mg	5ml
47	Iron deficiency Anemia	Iron Sucrose Injection BP	For IV use	20 mg	5ml
48	Mycobacterium W	For IM/IV Use Only	For IM/IV Use Only		2 ML
49	Diuretics	Torsemide Injection	For IV use only	100 mg	2ml
50	Ionic compound	Sodium Chloride Injection USP 9MG/ML	For IV use only	9 MG/ML	1, 2, 5 & 10 ml
51	Intra - Articular	Sodium Hyaluronate Injection 1%W/V		1 % W/V	2 ml, 6 ml
52	Intra - Articular	Sodium Hyaluronate Injection 1.5%W/V		1.5 W/V	1 ml
53	Ionic compound	Sodium Chloride Injection USP	For IM/IV use after dilution Only	9 mg	1 ml, 2 ml, 5 ml & 10 ml
54	Iron deficiency Anemia	Ferric Carboxymaltose Injection	For IV only	500 MG/750 MG	15 ml
55	Sympathomimatic Drug	Sterile Noradrenaline Concentrate BP	For IV Use Only	2mg	4 ml
56	Oxytocic Hormon	Oxytocin Injection BP	For IV use	5 IU	1, 2, 4 & 5 ml
57	Ophthalmic	Hydroxypropyl Methylcellulose Ophthalmic Solution USP		2%w/v	2 ml
58	Muscle relaxants	Pancuronium Injection BP	For IM/IV Use Only	2mg	2ml
59	Ophthalmic/Intra - Articular	Sodium Hyaluronate Injection 1%W/V		1 % W/V	2 ml, 6 ml
60	Ophthalmic	Sodium Hyaluronate Ophthalmic Solution 1.4%W/V		1.4 % W/V	1 ml
61	Ophthalmic	Sodium Hyaluronate Ophthalmic Solution 1.8%W/V		1.8 % W/V	1 ml
62	Ophthalmic	Sodium Hyaluronate Ophthalmic Solution 2.4%W/V		2.4 % W/V	1 ml
63	Ophthalmic	Sodium Hyaluronate Ophthalmic Solution 1%W/V		1 % W/V	1 ml
64	Ophthalmic	Hydroxypropyl Methylcellulose Ophthalmic Solution USP 2%W/V		2% W/V	2 ml, 3 ml
65	Sympathomimetic Agents	Adrenaline Injection BP 0.3 MG/0.3 ML	For IM use	0.3 MG/0.3ML	0.3 ml
66	Ophthalmic	Fluorscine Injection USP 100 MG/ML	For IV use	100 MG/ML	5 ml PFS
67	Local Anesthetic for dental block	Lidocaine And Adrenaline Injection BP			1.8 ml CATRIDGE
68	Local Anesthetic for dental block	Articaine Hydrochloride 4% And Epinephrine 1:100,000 Injection USP			1.8 ml CATRIDGE
69	Vitamins	Vitamin B1,B6 & B12 Injection	For IM/IV use	-	3ml
70	Diluent	Sterilised Water For Injection BP	For IM/IV use	-	1, 2, 5 & 10 ml
71	Vasodilatore	Isoxuprine Hydrochloride Injection	For IV use only	5mg	2ml
72	Vitamins	Mecobalamin Injection 1500 MCG/ML	IM / IV/ SC USE	1500 MCG	1 ml
73	Osteoarthritis	Sodium Hyaluronate 2.5% and Trehalose 1% Injection	Intra-articular Use		4 ml PFS
74	TNF Blocker	Adalimumab Injection	For SC only	40 mg	0.8 ml
